

### GT1650-WSB3

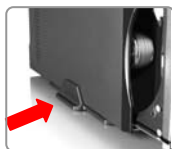

External Storage Enclosure with High Performance & Big Capacity

Removable Tray Design

Heat-dissipating Aluminium Case

Space-saving Foot Stand

Coming with USB 3.0 transfer interface which is 10 times faster than USB 2.0, GT1650 is suitable for large file transmission which can save lots of waiting time, especially the ever-increasing multi-media files of GB size; in addition, GT1650 also supports eSATA and Firewire 400/800 transfer interface that ensure data transmission is always supported with a high transfer rate even if you do not have a USB 3.0 supported environment!

#### USB 3.0 + eSATA + Firewire High Transmission Host Interface

Support USB 3.0, eSATA and Firewire 400/800 host interface, you can choose either host for use according to your demand and the environment.

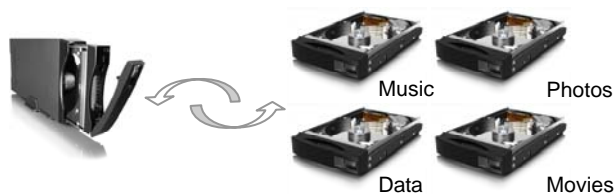

#### Extensive Application Scope

GT1650 houses a 3.5" HDD, with its high transfer interface which is suitable for storing large digital files from digital camera (DSC) \ digital video (DV) and blue-ray DVD. Besides, GT1650 supports different operating systems.

#### Removable Tray Design Facilitates Data Mobility

Removable tray design not only enables you to exchange HDD easily but also facilitates data mobility.

Model No.	GT1650-WSB3
Chip	OX944 + OX3100 + ASM1453
Drive Interface	1 x 3.5" SATA I / II HDD
Host Interface	USB3.0 + eSATA + 1394a + 1394b
Support Single HDD	
Max. Capacity	3TB
Material	Aluminium Alloy & Plastic
Operating System	Windows, Linux, Mac
Certification	CE/ FCC
Dimension	203W * 122L * 32.5H mm
Net Weight	0.6kg

The product specification is subject to change without notice.

#### Logistical Data

Dimension of Article:	203W * 122L * 32.5H mm	Net Weight:	0.6kg
Dimension of Packing Box:	283W * 164L * 102H mm	Gross Weight (incl. packing):	1.4kg
Dimension/Carton:	600W * 362L * 342H mm	Total Weight:	17.4kg/ctn
Packing Unit:	12units/ctn	Country of Origin:	Taiwan
EAN-No.:	4711132864380		
UPC-No.:	884826503606
